

# Equality Index 2023

## Nexans Interface

Nexans Interface is more than ever committed to its diversity and inclusion policy. For several years, through our WiN program, we have been working to ensure equality in the workplace between women and men, including equal pay.

We foster a sense of belonging among employees by creating an inclusive work environment in which employees can thrive and engage.

This is why our Diversity & Inclusion policy include, in addition to gender equality: non-discrimination, inclusion, integration and training.

**As of March 1st:** Nexans Interface scores **92** out of 100 on the 2023 Gender Equality Index (up to 88,2 in 2022) based on 4 criteria:

L'écart de rémunération femmes - hommes

L'écart de répartition des augmentations individuelles

Le nombre de salariées augmentées à leur retour de congé de maternité

La parité parmi les 10 plus hautes rémunérations

At Nexans, we value and respect all the differences that make each person unique because together we will electrify the future. This is what diversity means to us.
